OK Gentlemen, begin your negotiations. The Spring 1901 orders are due no later than March 11, 1972 NOON; unless at least three of you request a one month extension on this first move. During the game, protect yourself by getting your orders into on time. You may send me as many orders as you like, I use the last receive; you may send orders for future seasons in case I don't receive your regular orders on time. You can give me your phone number and permission to call you collect if I do not have your orders at the deadline. GOOD LUCK!
